Committee Is Named to Study New Members

Applications of Southland Communities For Water Dist. Membership

Negotiations with a view to participation with present Metropolitan water district cities in the benefits of water from the Colorado river aqueduct have been opened over a large area of Southern California, it was revealed today.

Communities which have made application to the district requesting information on the possibility of securing aqueduct water include a number of unincorporated cities, now outside the district, and large sections of highly developed horticultural area.

Among those who have opened negotiations with the district's board of directors are Hermosa Beach, Elsinore, the foothill area from Covina to Uplands and south to Pomona, and Orange county water users in unincorporated areas.

In response to these inquiries, the board of directors has appointed a special water problems committee, headed by Vice-Chairman Franklin Thomas of Pasadena. Other members of the committee are Directors John R. Richards, of Los Angeles; J. H. Ramboz, of San Marino; Victor Rossetti, of Los Angeles; and S. J. Finley, of Santa Ana.

Terms upon which areas needing Colorado river water will be admitted to the group securing aqueduct water are now being studied by the committee.

"One of the basic problems being considered is how far the cities already in the district can permit extension of district boundaries," it was pointed out by W. P. Whitsett, chairman of the board of directors.

"The entire capacity of the aqueduct is now shared on a pro rata basis by present member cities, and any extension of district boundaries will reduce quantities of water to which present members are entitled."

Meetings between members of the water district committee and representatives of the outside communities will be held this week, it was announced.

Southern California cities now in the Metropolitan water district are Anaheim, Beverly Hills, Burbank, Compton, Fullerton, Glendale, Long Beach, Pasadena, San Marino, Santa Ana, Santa Monica, Torrance and Los Angeles.

Archbishop Defends War

LONDON. (U.P.)—"To deny the right of the Christian to use force for the maintenance of law against lawless force is heretical." This statement is made by the Archbishop of York in the monthly letter to his diocese.

Postcards Mailed This Month To Advise Motorists of Tax

What the new tax which must be paid during January auto license renewal time represents, how much it will be, and what procedure must be followed are puzzling many motorists.

Although you recently may have paid your 1935 county automobile personal property tax, the new motor vehicle license tax for 1936, which will replace the county property tax for next year, is due and payable when and before you obtain new license plates in January.

Details of this and other requirements are told in a statement issued yesterday by the Automobile Club of Southern California license department.

Facts given follow: The license tax of \$1.75 per \$100 valuation of the vehicle must be paid in addition to the regular \$3 registration fee on pleasure cars. This must be paid at application time during January in cash at Department of Motor Vehicle offices, or by cash or check at Auto Club of Southern California offices. The latter will serve only members and motorists from other states.

Certificates of registration must be stamped on the back by the tax assessor's office, or cleared by the State Department of Motor Vehicles, as required in certain cases, before licenses can be issued.

The motor vehicle department this month is mailing a postcard to every registered owner giving the valuation of his car model, and the amount of the tax, when that is possible. Valuations have been determined from various ratings by the motor vehicle department. If a postcard is not received, or the amount of the tax not given, application should be made anyway within a short time after January 2.

Before applying the motorist should note the exact factory model of his car. This is not shown on the registration slip and does not mean year model or body type, but appears on insurance policies, the bill of sale, often on a car nameplate, or in the instruction book for the car. Valuations are based on factory model. Examples are Buick 1932, Model 50, Model 60, Model 80, or Model 90; Nash 1934 Big 6, Advanced 8, or Ambassador 8. Postcards and factory model notations should be presented when making application for new plates so that ex-

SCENIC DRIVE in Palos Verdes DEDICATED

Los Angeles county has a new 23-mile marine highway extending along the south side of the city of Torrance, and around the Palos Verdes "peninsula" at the southwest corner of the county, with the formal dedication of Palos Verdes drive, recently.

Palos Verdes drive is known by four designations—north, south, east and west. Coming in by the Vermont avenue entrance at Anaheim street, the road rises out of the industrial plain to higher ground. The first five miles of the drive along the south boundary of the city of Torrance is through the Rancho Palos Verdes.

Adjacent to Walteria is Valmonte, within which area is located the Palos Verdes golf club, and the Palos Verdes riding academy. The drive here becomes a double roadway, passing through Valmonte Plaza, and crossing Hawthorne avenue, from which there is an entrance to the peninsula one-half mile east. This brings motorists in through the main highways from western Los Angeles and Hollywood, through Hawthorne and La Brea avenue.

The double roadway of Palos Verdes drive then continues westward and down to Malaga Cove.

David Consol, 326 Carson street, and his wife, Mrs. Margaret Consol, were severely injured Friday night when their car was wrecked in a collision with a Pacific Electric car at Watson station. The Consol automobile was carried 100 feet along the tracks. Mrs. Consol suffered a broken collarbone and possible internal injuries. Consol a concussion of the brain and painful cuts and bruises. Both were taken to Seaside hospital at Long Beach.

Runaway Boy Picked Up Here

Eugene W. Kyle, 15, was picked up in Torrance last week and turned over to officials of the juvenile court as a suspected runaway. Kyle said he had left his home in Grand View, Wisconsin, last July because of trouble with his stepfather, Gustav Gunderson. He hitch-hiked west and got work in the mines at Butte, Montana, afterwards drifting to California. He said he had a sister living in Torrance, but authorities were unable to locate her.

Missouri Goes Back to Farm

COLUMBIA, Mo. (U.P.)—Missouri has gone back to farming, according to recent figures published by the College of Agriculture here. There are now 1,340,000 acres more in farm land than in 1930, and 22,514 more farms.

SCHOOLS CLOSE

Schools in the Los Angeles city system, including those in Torrance and Lomita, closed last Friday for the Christmas vacation. Work will be resumed Monday, December 30, with a one-day holiday on Wednesday, January 1.
